

APOLLO LABORATORIES

CHOOSE APOLLO

Apollo Laboratories is dedicated to providing a compliant, reliable, and highly respected laboratory solution for all your toxicology, hematology and chemistry needs. With our state-of-the-art technology, top tier customer service, attention to detail and some of the most knowledgeable minds in the industry, we at Apollo are able to provide quality results in a timely manner.

SERVICE

- Apollo Laboratories will accept most commercial insurance
- We have a dedicated customer service team ready to troubleshoot any questions or concerns throughout the process
- Direct access to the Supervising Toxicologist via cellular phone, text and email
- Final laboratory results will typically be available within 24-72 hours of receipt
- Physicians and patients can place an inquiry via fax, web portal, mail and phone

REPORTING

EHR connectivity, and online tracking for specimens
Emphasizes historical drug levels to help physicians make educated dosage adjustments
Custom logic matrix to inform the provider whether the results obtained are or are not consistent with the medications listed

CHOOSE APOLLO

HEMATOLOGY & CHEMISTRY

Vitamin B12	Calcium	FSH	Magnesium	TgAb
Vitamin D-OH2	Chloride	Globulin	Potassium	TIBC
A/G Ratio	Cholesterol	Glucose	Progesterone	Total Bilirubin
AFP	CO2	Growth Hormone	Prolactin	Total Protein
Albumin	Cortisol	HbA1c	PTH	Total PSA
Alk Phos	C-Peptide	HCG Beta	RF	TPO
ALT	Creatine Kinase	HDL	SHBG	Triglyceride
Amylase	Creatinine	HE4	Sodium	TSH
Anion Gap	CRP	Homocysteine	T3 Free	TSH w/ Reflex to T4 Free
Apo A1	DHEAs	Insulin	T3 Total	Uric Acid
Apo B	Direct Bilirubin	Iron	T4 Free	
AST	Estradiol	LDH	T4 Total	
Auto CBC w Diff	Ferritin	LDL	Testosterone, Free	
B2 Microglobulin	Folate	LH	Testosterone, Total	
BUN	Free PSA	Lipase		

TOXICOLOGY

Screen	Opioids	Benzodiazepines	Barbiturates	Tricyclic Antidepressant and SSRI	MDPV
Amphetamine	Buprenorphine	Alprazolam	Butalbital		Mephedrone
Barbiturates	Codeine	Clonazepam	Phenobarbital		Phencyclidine
Benzodiazepines	Dihydrocodeine	Chlordiazepoxide	Secobarbital	Amitriptyline	THC-COOH
Buprenorphine	Fentanyl	Diazepam		Citalopram	
Cannabinoid	Hydrocodone	Lorazepam	Muscle Relaxers	Fluoxetine	Ethanol
Carisoprodol	Hydromorphone	Nordiazepam	Carisoprodol	Imipramine	Ethyl Sulfate
Cocaine	Meperidine	Oxazepam	Gabapentin	Nortriptyline	Ethyl Glucuronide
Ethanol	Methadone	Temazepam	Meprobamate	Paroxetine	
Fentanyl	Morphine	Triazolam	Pregabalin	Sertraline	Nicotine
Methadone	Naloxone		Zolpidem		Cotinine
Opiates	Naltrexone	Amphetamine/ Stimulates		Illicit Drugs	Nicotine
Oxycodone	Oxycodone	Amphetamine		Benzoyllecgonine	
Phencyclidine	Oxymorphone	Methamphetamine		6-MAM	
Tramadol	Tapentadol	Methylphenidate		MDA	
	Tramadol			MDAMA
